From Madison.

Both Houses of the Legislature met yesterday, but did little, more than organize temporarily and adjourn till this morning; when, no doubt, they will complete their organization and receive the Governor's Message. The Senate Republican caucus, last evening, made choice of Dr. BRISBANE, of Arena, for Chief Clerk; HARRISON REED, of Winnebago, Assistant do., and ALANSON FILER, of Racine, Sergeant-at-Arms—all competent and reliable men. The Assembly Republican caucus nominated WYMAN SPOONER for Speaker.

The News and the Senatorship.

We are glad to see that the *News*, in common with the Republican press of the State, takes a lively interest in the question of electing a fit man for U. S. Senator, and engages zealously in the discussion of the claims and qualifications of the different candidates. In its yesterday's issue, it rules Judge DOOLITTLE out, as too recent a convert to the Republican cause, and at the same time pronounces him *qualified* for the office, notwithstanding the Constitutional inhibition. We differ from our neighbor on both points. It is undoubtedly true, as the *News* urges, that the United States Senate would admit Judge DOOLITTLE to a seat in that body, notwithstanding our State Constitution declares Judges ineligible to any other office during the term for which they are elected. But it seems to us equally clear, that with this proviso existing in the Constitution—put in there for the express purpose of keeping the Judiciary as far removed as possible from the temptations of political office; and ratified by the almost unanimous vote of the People of this State—there is a moral and honorable obligation upon every man who may be elected to a judicial office in this State, to abide by the Constitutional restriction. There is too, in our judgment, an equally binding obligation on every Member of the Legislature, who swears to support the Constitution, to carry out, in their true spirit and intent, the provisions of that instrument. But this constitutes the only objection we know of to Judge DOOLITTLE. Were the Constitutional proviso out of the way Judge DOOLITTLE's abilities, character, principles and faithful services in the late campaign would give him very strong claims to the dignified and responsible post of United States Senator.

HOW THEY LOVE THE PEOPLE.—We alluded very briefly yesterday to the scurrilous terms in which the Janesville *Standard* spoke of its Republican fellow-citizens, when announcing the removal of Wm. S. Pitts and the appointment of E. D. Bly, as Postmaster at Union, Rock County. The *Standard* rejoiced in this "work of decapitation," and expressed the hope that it would be continued. It is "instructive to remark" that the Town of Union polled, at the recent Presidential election, 268 Republican to 12 Democratic votes. Of course, our so-called Democratic Administration disregards the wishes of nineteen-twentieths of the People of that town and undertakes to punish them for their political opinions by proscribing the late Republican Post Master. We doubt whether Sham Democracy can be successfully cultivated in Rock County even by such forcing processes.

THE DISTRIBUTION OF THE SPOILS.—This troublesome question threatens to intensify the discordant feelings which now prevail among the Sham Democracy in our State. The Madison *Patriot* complains that "the Barstow faction" are trying to appropriate to themselves Mr. Buchanan's appointing power in this State, and to that end are obtaining certificates of character from the State Central Committee (mainly their own creatures) and from the democratic minority in the Legislature. The *Patriot* cautions Mr. Buchanan against these *bogus* credentials, and says that the game, if successful, will be "disastrous to the Democracy."

FREEDOM OF OPINION.—Hon. FRANCIS HOWE, has been removed from the Post Office of Brookfield, Massachusetts. The *Worcester Palladium* says: "Mr. HOWE is a Jeffersonian Democrat; and in the purer and better days of the party, he was among the most active and influential men in Worcester county, in giving form and effect to Democratic principles." True to his convictions, Mr. HOWE adhered to the Jeffersonian policy in regard to the Territories, and voted for FREMONT and Freedom.

JULIUS E. TUCKER, Esq., an active and life-long Democrat, has in like manner been removed for believing with JEFFERSON that Freedom is national and Slavery local.

NORTHERN BANK OF KENTUCKY.—The statement of this Bank, under our Commercial head, merits attention. The Bank is a strong one, is well managed, and commands the confidence of monied men.

TRIBUNE KANSAS FUND.—The N. Y. *Tribune* Fund, for the relief of the victims of Border Ruffianism in Kansas, now amounts to the handsome sum of $22,556. We believe that all the contributors to this fund are perfectly satisfied with the disposition made of it by the Editors of the *Tribune*, and that the only grumblers are the Border Ruffians and their doughface democratic allies.

MANITOWOC AND MISSISSIPPI R. R.—We learn from the last Manitowoc *Herald*, that the contractors on the Manitowoc & Mississippi Railroad have made arrangements, with responsible parties, for all the iron (4000 tons) necessary to lay the track from Manitowoc to Menasha and for the rolling stock required to operate this section of the road. The contractors have now 150 men at work, 12 miles already graded, and by the opening of the spring will have the grading completed as far as Mud Creek, half way to Menasha. It is designed to finish and open this portion of the road for business by the beginning of summer.

CONVENTION OF FIREMEN.—There was a State Convention of Firemen in Michigan last week at which some salutary reforms were recommended to be laid before the Legislature. One of the most important was, that the personal property of firemen to the extent of $500 be exempt from taxation so long as they remain active firemen.—This suggestion is worthy the consideration of our Legislature. Either our Fire Department must be recruited by the help of some such *bonus*, or we must resort to the *paid* system. As it is, our Fire Companies are scarcely half full.

REPUBLICAN PAPER AT HUDSON.—The Prescott *Transcript* notices the appearance of a Republican paper at Hudson, St. Croix County. It is styled the *Hudson Chronicle* and will be published by Messrs. Beal & Wilson, with Messrs. S. C. & Dwight Hall, as Editors.

HENRY WARD BEECHER.—The seats in Plymouth Church, Brooklyn, N. Y., (Rev. Henry Ward Beecher's) were sold a few evenings since. A large share of the bidders were ladies, and the premiums for choice were $3000, being $1,250 more than last year, and the total of the sales footed up $13,000, being $3,000 over the sales of last year.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Jan. 13, '57.

Still again here, for the seventh winter. We have a bright winter day, with a keen air, and magnificent sleighing, and everybody disposed to enjoy it. Everybody, I say, but I ought not to say so, and I beg pardon of the numerous citizens hereabouts who "have business with the Legislature." There are several such people whom I have seen, who have too much to do in the way of making acquaintances, and cultivating the same, among the members, who have no time to attend to such creature comforts as sleigh-riding.

A large number of the members are here, and I doubt not that the two Houses will be promptly organized to morrow at 12 M. I like the *looks* of the members; and, knowing but few of them yet politically, may speak without prejudice when I say that I think that for intelligence and wide-awake business character, they will compare favorably with those of previous legislatures.

The Speakership of the House probably lies between Messrs. Noggle, Lovell, Hastings and Cameron—that is, so far as my limited knowledge of the members yet allows me to judge. Mr. Noggle, I learn, has so far recovered from the effects of his late unfortunate sleigh ride, as to be expected here to-day.

The train which brought us out last night, left Milwaukee at 4½ P. M., and arrived here at 11 P. M; and did very well, too, considering that in several places along the line, we ploughed thro' snow a foot deep or more. Every wind on the prairies, from whatever direction, is as bad as a snow storm, for it drifts the snow across and into the track cut out of the deeper drifts, and makes difficult navigation, decidedly.

I learn that some of the more important reports of the Departments have been so delayed that the Governor may not be able to give as complete a digest of the affairs of the State as is desirable. The time is very short between the close of the fiscal year and the meeting of the Legislature, giving but a short time for preparing these Reports.

I will keep our readers advised of the doings hereabouts, so far as developments are made.

THE WISCONSIN PRESS.—At a recent fire in Manitowoc, the printing office of the Manitowoc *Tribune* was badly damaged, and the enterprising publisher, Mr. SMITH, suffered considerable loss. This untoward accident has called forth very general and sincere expressions of regret from many of our cotemporaries, in return for which the *Tribune* thus gratefully and truly speaks of the Wisconsin Press:

We have often felt a desire to speak of the genuine and unaffected feeling of fraternal sympathy which is the characteristic of at least the majority of the publishers and the conductors of the presses in Wisconsin.

No matter how fierce may be the contest in the strife of partisan warfare, no matter how stern and uncompromising they may be when they differ in matters of national or local policy, there is a chord in the heart of each which vibrates at the touch of sympathy in unison with the woes and the misfortunes of a brother of the press.

Is not this as it should be? Their mission is to elevate the standard of human character, and what more ennobling principle can be found in the list of generous qualities than that of sympathy. God speed the press, for if it accomplished no more it would still have a tendency to humanise and elevate the characters of those who conduct it.

RAIL ROAD FROM RIPON TO NEW LONDON.—The last number of the New London *Times* contains the proceedings of several large and spirited meetings at Omro, Winneconne and New London, to aid and expedite the construction of a Railroad from Ripon, on the Milwaukee & Horicon R. R., to Omro, Winneconne and New London. The project is a good one, the route feasible, the adjacent country very fertile and under high cultivation and the spirit of the people earnest and enthusiastic. The *Times* says:

The subject of aiding in the construction of a railroad from this village to a point south of the Wolf or Fox rivers whereby our vast pineries may be more easily reached and this section of the State facilitated in its already rapid development, is one which at the present time is agitating the minds of our citizens. The people of New London and vicinity have, as will be seen by our report, resolved to loan their credit to the amount of $150,000 to aid the enterprise. The route is very feasible, and the prospect decidedly good. We are determined to have a railroad, and go to Milwaukee, do our business, and return within twenty four hours. Our Milwaukee cotemporaries could then have the pleasure of receiving the New London *Times* on the day of its publication.

COMPLIMENTARY FESTIVAL.—The employees of the Milwaukee and Horicon R. R. Company gave a Festival, on New Year's night, at the Winter House, Horicon, to Mr. FRANK B. CHASE, late Deputy Superintendent of the road. We have received a full report of the proceedings but the demands upon our columns compel us to condense it. The following Resolutions were adopted on the occasion:

"We the employees of the Milwaukee and Horicon Rail Road, in view of the resignation of Frank B. Chase, as the Division Superintendent of that Road, have, as an expression of our feelings on the occasion.

Resolved, That we have learned with deep regret his resignation of that position, and shall long remember our business associations with him as among the most agreeable of our experience.

Resolved, That his gentlemanly deportment and fair dealings with us, as well as his efficient business habits, have rendered his services not only pleasant to us, but profitable to his employers.

Resolved, That we can recommend him as worthy of the confidence of business men, and that wherever he goes, he will carry our hearty wishes for his continued welfare and happiness and that this may not be the last of his "Happy New Years."

Letters were received from the Car Master and Master Mechanic, expressing their regret at being necessarily kept from the Festival; appropriate remarks were made by Mr. WM. UNDERHILL, Mr. W. H. BUTTERFIELD and others; and complimentary toasts to Mr. CHASE and to the President and other officers of the Milwaukee and Horicon R. R. Company, were drank with great enthusiasm. The entertainment seems to have passed off to the entire satisfaction of all present.

FREIGHTS FROM JANESVILLE BY THE M. & M. R. R.—The Janesville *Free Press* publishes a tabular statement of the shipments from that point, by the Milwaukee and Mississippi Railroad, during the past year. The aggregates are as follows:

HANDSOME DONATION.—While at St. Louis, Mrs. FANNY KEMBLE BUTLER read Hamlet, for the benefit of the Girls' Industrial School. The proceeds of the evening, amounting to the handsome sum of $870,95, were transmitted by Mrs. BUTLER to the Trustees, the day after the reading.

FIRE AT WEYAUWEGA.—We learn from the *Weyauwegian* of the 9th inst., that a fire occurred in that village on the Saturday previous, destroying four dwellings on Main street, including the Printing Office of the *Weyauwegian*, the Post Office, the store of Mr. J. A. Mathews, and the Grocery store of Mr. H. Mills. The total loss is stated at $5,000, on which there was but a small insurance. The publisher of the *Weyauwegian* loses some $200 over and above his insurance, but promises, with the help of his patrons, to have things all right and as good as new in short order.

FIRE AT RIVER FALLS.—We learn from the Prescott *Transcript*, that the saw-mill of Messrs. N. N. & O. S. Powell, at River Falls, was destroyed by fire a short time since. Loss $3,000.

Poultry and Game in New York.

The N. Y. *Tribune* of Saturday last claims that New York City has become the greatest poultry market in the world and draws its supply from the greatest distance—the district extending from Vermont to Iowa and from Delaware to Minnesota. The receipts of poultry and game during the present winter have been enormous, averaging for the eight days from Dec. 22 to Dec. 30, two hundred tons a day. The *Tribune* says that while the ordinary price of turkeys is from 12 to 14 cents per lb, well-fatted and neatly dressed turkeys readily command 18a20 cents. The quotations for different kinds of game and poultry on the 9th of January are thus given in the *Tribune*:

Grouse and quails are down this week to a comparatively low figure. There is a very large stock in market, and sales are dull at 75a87½c a pair for grouse, and 1,75a2,00 a dozen for quails.

Partridges are selling at 75 cents a pair.

Venison is worth 12a14 cents a pound for saddles, and 9a11 cents for carcasses.

Miles & Bartlett received 100 venison carcasses from Canada West, some of which sold at 13c for long saddles, with hide and horns included.

The weather since New Year's day has been extremely favorable for shipping poultry from the West, and we noticed lots from Kentucky, Ohio, Indiana, Illinois, Iowa and Wisconsin, and some wild turkeys and venison from Missouri.

THE NEW POSTAGE LAW.—It may not be generally known that Congress has very recently passed an act making prepayment of postage on all transient printed matter obligatory, before it can be transported in the mails of the United States—a capital provision indeed. In order to carry out this law the Postmaster-General has established the following post-office regulations, which should be preserved for reference by all who may have occasion to send newspapers and pamphlets, &c., now and then to distant friends.—They are as follows:

1. Books, not weighing over four pounds, may be sent in the mail pre-paid by postage stamps, at one cent an ounce any distance in the United States under 3,000 miles, and at two cents an ounce over 3,000 miles, provided they are put up without a cover, or wrapper open at the ends or sides, so that their character may be determined without removing the wrapper.

2. Unsealed circulars, advertisements, business cards, transient newspapers, and every other article of transient printed matter, except books, not weighing over three ounces, sent in the mail to any part of the United States, are chargeable with one cent postage each, to be prepaid by postage stamps. Where more than one circular is printed on a sheet, or a circular and letter, each must be charged with a single rate. This applies to lottery and other kindred sheets assuming the form and name of newspapers; and the miscellaneous matters in such sheets must also be charged with one rate. A business card on an unsealed envelope of a circular subjects the entire package to letter postage. Any transient matter, like a circular or handbill, inclosed in or with a periodical or newspaper, sent to a subscriber, or to any other person, subjects the whole package to letter postage; and whenever subject to letter postage, from being sealed or from any cause whatever, all printed matter, without exception, must be prepaid or excluded from the mail. It is the duty of the Postmaster at the mailing office, as well as at the office of delivery, carefully to examine all printed matter, in order to see that it is charged with the proper rate of postage and to detect fraud. At offices where postage stamps cannot be procured, Postmasters are authorized to receive money in prepayment of postage on transient matter; but they should be careful to keep a supply of stamps on hand.

THE LUMBER BUSINESS OF LA CROSSE.—The La Crosse *Republican* says that "there are *fourteen* steam Saw mills on the Mississippi and Black rivers, within the distance of four miles of our public landing. These mills will manufacture, the coming year, from 40 to 50,000 ft. of lumber. We hear already of some five or six more to be constructed in the spring."

Chinese Sugar Cane in Rock County.

The *Sorghum*, or Chinese Sugar Cane, has been raised in Rock County. A gentleman named Lockwood, living in the town of Union, received some months since some choice melon seeds from a family living in Illinois, but recently from France. With the melon seed he received another of which he knew nothing. He planted it, however, last spring, and reports that it grew finely, some stalks attaining sixteen feet in length His cattle broke into the enclosure once and ate a portion of it. The remainder he secured, and allowed it to remain under shelter until the attention of his neighbor, Esquire Pearce, was called to the Sugar Cane by some articles in the *Free Press*. The knowledge that the seed had been procured of a French family, and that the *Sorghum* was imported to this country from France suggested the idea that this might be the plant. A specimen was brought to Janesville and compared with some sent to the Secretary of the Rock County Agricultural Society, from the Patent Office at Washington. It was found to be not only genuine *Sorghum* seed, but superior in quality to that sent out by the Commissioner of Patents. It is evidently better matured, harder, and in every respect more perfect. Messrs. Barrows and Lund, of the Agricultural Depot, immediately secured what had been saved (about forty pounds,) and now have it for sale at their store.

This shows conclusively that the sugar cane will not only grow, but also attain the highest development in Rock County. The plant, according to our information, has attained its largest size in the town of Union, and that it fully matured is shown clearly by the condition of the seed.—*Janesville Free Press.*

LEGAL RATES OF INTEREST IN WALL STREET.—A correspondent of the New York *Evening Post* has the following:

Huntington is a great institution. He has revolutionized the entire system of money-lending in this pious locality. Refer to the evidence at his trial. Harbeck swore that he received seven per cent. and no more for his loans to Huntington. Hasley (Harbeck's clerk) swore that "a present" was added to each loan, when paid up, amounting in the aggregate to some $30,900!—The question was, then, what was that present? Christmas week suggested it must have been a "turkey," and "turkey" it was. Now, the current rate is seven per cent. and "turkey." The size and shape of the turkey is a matter left to the generosity of the borrower, but its color must be *yaller, and its wings spread.*

HOW MR. BUCHANAN'S INAUGURAL WILL BE WRITTEN.—During the late Presidential canvass, and at the moment a gallant Senator from the South was proclaiming the certain election of Mr. Buchanan, a feather dropped at his feet from the wing of an eagle that was flying over. The gentleman preserved the quill, and, to-day, had it forwarded to Mr. Buchanan, to write his inaugural address with. It was not plucked by man from the wing, but was the free gift of our national bird.—*Wash. Cor. Alexandria Sentinel.*

The Lancaster *Intelligencer* says the above statement is correct. Senator Brown, of Mississippi, is the gentleman referred to. The quill is now in possession of Mr. Buchanan, at Wheatland, where we saw it on Friday, and, in accordance with the request of the "gallant Senator," it will be used by the President elect in writing his Inaugural Address.

OUR FREE AND GLORIOUS COUNTRY.—We have just received a note from a subscriber in a southern state, which, though it flatters us, reflects rather severely upon the country. Read it:—

Messrs.:—Although I subscribed to your paper for the sole purpose of receiving the local news of my native state and county, I am *compelled* to request its discontinuance. *I am not allowed to receive it here.* Under more favorable circumstances, I may renew my subscription.

P. S.—Please send no more numbers until further notice from me.—*Springfield, (Mass.) Republican.*

SUICIDE OF A CAPTAIN.—Capt. Lyman Case, who commanded one of Crawford's propellers engaged in the Western trade, committed suicide at Ogdensburgh on Sunday. He had lately returned from the west, and was staying at the house of Mr. Crawford. He appeared ill at case and a medical man was consulted, who discovered some symptoms of mania. Notwithstanding the watch that was sent upon him, the unfortunate man made his escape from the house during the night and was found next morning hanging by the neck from the rigging of a vessel at the dock.

Indian Outrages in Florida—Murder of a Whole Family.

Correspondence of the New York Daily Times.

ENTERPRISE, East Fla., Dec. 28, 1856.

The Indians are making towards this place.—On the 25th an express from Smyrna passed here to Capt. Bullock, at Fort Gatlin. The carrier stated that a family had been massacred by the Indians, at Sheldon's old place, eight miles from Smyrna. Capt. B., with a posse of his men, started immediately, and, on arriving at that place, found that Peter Sheves and family, consisting of his wife and two children, had been murdered by them, and his house burnt, probably on the 19th, by a party of ten to twelve.—Sheves was found in the field some sixty yards from the house, with two bullet holes through his head, and badly cut with an axe; his wife and little girl shot at the water's edge, in front of the house, and the remains of their boy, ten years of age, was found among the burning ruins of the house.

Mr. Sheves was from Pennsylvania, and came on in the same boat with me, with his family and goods, to settle at that place, and arrived about the 1st December.

This climate is delightful, and fruits very fine, but there is not much pleasure in eating oranges out of one hand and holding your rifle in the other. Respectfully, P.

The New Frescoes in the National Capitol.

From the Washington Star.

In the Senate Naval Committee Room of the Extension will be found a series of six pictures illustrative of our naval history painted by George R. West of this place, viz.: Battle of the *Constitution* and *Guerriere*; Perry's Victory on Lake Erie; Cutting out the *Philadelphia* in the port of Tripoli by Decatur; Violation of the neutrality laws by Great Britain in the destruction of the privateer *General Armstrong* in the port of Fayal; Engagement of the *Bonhomme Richard* and *Serapis*; and the Launch of the *Minnesota* at the Navy-Yard. The space allowed the artist for the execution of these pictures is too small to do the subject justice, considering the nature of the paintings and the point from which they are to be viewed; and the style of the decoration (Pompeiian) is entirely too gaudy in color to allow the fine points of the pictures to be fully appreciated. We understand that Mr. West has presented designs for another room, and we hope he will allowed more space and the liberty to regulate the ornamental designs to suit his pictures.

NOT SAFE TO JUDGE FROM APPEARANCES.—"In Petersburgh, Va., last week, a servant girl found an infant on the steps of her master's premises, with a piece of paper attached to its 'envelope,' on which was written 'spare my shame.' She took it up to her mistress, and upon a piece of linen was discovered in indelible ink, the name of a highly respectable lady and friend in the vicinity. The child was properly cared for during the night, and in the morning the lady, advised by the husband, called on the person whose name appeared on the linen, finding her in bed complaining of being very ill. Upon this, suspicion assumed the form of conviction, and the possessor of the foundling feeling confirmed, and being very impulsive, broached the subject in a few moments after entering the chamber. The sick lady appeared surprised, and asked her friend for an explanation, when the marked linen was produced. Instead of fainting, as the lady friend had expected, the sick lady assumed a smile, seeing the basis of the error, and informed her that several weeks ago she had employed a young seamstress, and in dismissing her had presented her with several pieces of her old linen. The young seamstress was found, and acknowledged all, with but a brief and uningenuous resistance. Her child was returned, and be it to the good name of those first cognizant of the secret, she was furnished with $100, with which she left the city for Alexandria.

WHAT TO SAY AND DO WHEN "POP" GOES THE QUESTION.—As the ladies—unmarried ones especially—are always thankful for advice, they will pardon us for calling their attention to the following directions, which, if they will recollect, may relieve them when placed in what is generally considered an embarrassing position:

1. *Especially recommended to blondes*—Pause, sigh very softly, then open your eyes with a good deal of wonder, (of course you have been trying to make it out, but can't,) look your lover in the face, and say, "What can you mean, dear Alfred?" If the last words are spoken with a little tremble, why so much the better.

2. *Very suitable for brunettes*—Give a start, flash a glance at the questioner, turn aside, and be unable to speak your emotion, (one hand pressed high upon your bosom will express this effectually,) then exclaim, "Oh, Adolphus!"

3. *Safe in the hands of anybody, and generally considered a clincher*—burst into tears, covering your face with your hands. If you can't cry, drop your head on the inquisitor's shoulder and murmur, "Oh, William!"

4. *For merry girls and nice little girls it is enough to say*—"No!" pout, shake their heads, and look pretty.

Liver Complaint and Dyspepsia.

PHILADELPHIA, Jan. 19, 1853.

Dr. C. M. Jackson—Dear Sir—I have used your Hoofland German Bitters in my family for the past four years, for Liver diseases and Dyspepsia, and am pleased to ac knowledge that we have received the greatest benefit from its use. I have recommended it to a great many afflicted with similar diseases; with the same good result.

I have no hesitation in saying that it was an invaluable medicine, and hope you will be able to introduce it into every family in the Union. Yours, Truly,

Statistics of Milwaukee.

ALL PERSONS who have blank circulars requiring conformation, and all persons who have undertaken to furnish matter for the Board of Trade Report, will please return to me on Saturday night or Monday morning, as the pamphlet will be put to press on the 20th inst.

Persons desiring either English or German copies will leave orders with me at the Counting Room of the Daily Wisconsin office, as only a limited number will be printed.

A list of the officers and members of the Board will be published in the Report. Such new firms as desire to join the Association will also leave their names with the undersigned, or with W. J. WHALING, President.
A. J. AIKENS,
Secretary of Board of Trade.

STEALING SHOES.—A German who gave his name as Henry Smith was arrested last night for stealing a pair of shoes from the shoe store next to the Menomonee Beer Saloon on East Water Street. He was seen to take them from the awning-bar outside the door by a citizen who promptly arrested him, and took him to the Police Station. His only reply, when asked, concerning the shoes, was—
Nix Komerous
Mit de Dutchman's hous.
He was locked up to await his trial this morning.

ORATORIO IN MILWAUKEE.—The performance of "The Creation," grand Oratorio in three parts by Haydn, in Young's Hall last night, for the benefit of Mr. Balatka, the Director of the Milwaukee Musical Society, was greeted by a large audience. We were present but a short time, but the repeated applause by the audience showed the pleasure they felt at the performances.

PHILADELPHIA STEEL PENS.—Our book-keeper some time time since bought of a Pedlar a box of steel pens, labelled "Jacobs' Improved Amalgam Pens, Philadelphia;" they proved to be the best, and most durable pens, ever used in this office, while many outside pronounced them the best they have used. They are not to be obtained in this city, but would sell rapidly if introduced. There's a chance for some one.

LARGE HOGS AND HIGH PRICES.—Messrs. Scott & Flowers sold yesterday, on the platform of the Mil. & Miss. R. R. Depot, twelve hogs, consigned to them by one of their customers at Fulton, Rock Co., at $8,50 per hundred; the gross weight of these twelve hogs was 3,341 lbs, and they netted the owner $300.

FINE FAT BEEF.—Mr. Simpson, who keeps where Layton's old established Meat Market stood, near the Cross Keys Hotel, East Water Street, has some of the finest and fattest beef ever seen in Milwaukee. The cattle were young and stall-fed, making their meat young tender, juicy and fat.

BOLD THEFT.—The premises of a family in the Seventh Ward were entered, some time Tuesday night, and a large amount of bed, table and family linen, which had been left on the clothes' line to dry, were carried off. No clue has yet been obtained to the thieves.

GERMAN THEATRE.—An excellent bill is offered for this evening at the German Theatre, Market Hall, for the benefit of Madame Rittio, the wife of the efficient Stage Manager. Her friends will no doubt see that the house is well filled.

GEOLOGY.—Dr. Boynton gives the sixth of his interesting course of lectures this evening—the subject being "the Reptiles and Monsters of the Ancient Earth." It will doubtless be a lecture of rare interest.

SELLING OFF AT COST.—Wm. S. Candee & Co, in the U. S. Block, are selling off their choice and extensive stock of Dry Goods and Fancy articles, at and below cost. A rare opportunity is offered for good bargains.

MURDER TRIAL.—The trial of the four men indicted for the murder of Mrs. Higgins commences in the Circuit Court this morning.

☞ The following list of letters deposited in the Milwaukee Post Office, is detained for prepayment of postage, Jan. 15, 1857:

ALPHA AND OMEGA.—The beginning and the end of all remedies is found in that justly popular medicine, Herrick's Sugar Coated Pills. Tested during the past nineteen years by millions of persons, they have in all instances sustained a reputation worthy of their name, and will for years and years continue to excel all other remedies intended for the same class of diseases. Family boxes 25 cents.

Rice & Stevenson, No. 83 East Water St., Wholesale Agents, who will supply the trade at Proprietor's prices.

CITY LAND AND EXCHANGE OFFICE,
MICHIGAN ST., ALBANY BUILDINGS,
MILWAUKEE - WISCONSIN.

I HAVE been absent from our beautiful city for some three weeks in New York city and other cities east, on business which is for the general interest of our city. I expect to be home in eight or ten days, and will be prepared to attend to my business as usual. I would give notice to all my fellow-citizens who have property in city and in country for sale, to have their list made out so that I can have it in time to enter upon my books for spring sales. There will be one grand rush to our city this year. My office is now in one of these beautiful stores on Michigan Street, in the Albany Buildings, next to Mitchell's new Bank, directly opposite to Newhall's Hotel, where I now can receive all who have business in my line with comfort; and where they can have an opportunity to find out everything relating to real estate generally.

I also give my attention to the purchasing and selling of bonds and mortgages, and collecting of notes, &c., &c.—In the course of time I intend to have stated days for sale of real estate, stocks, &c., &c., at public auction.

The City Land and Exchange Office I design to be a general place, where all can come and transact business in real estate, bonds, mortgages, &c. &c. It is in a central part of the city. The room I have taken is eighty feet long. I intend to have it comfortably arranged, and all who have business in my line are cordially invited, and any information that they may want, and I can give, I will give it with pleasure.
CALEB WALL,
jan14 Land Agent and Broker.

City Land Office.
AND EXCHANGE OFFICE.

IS NOW REMOVED to one of the new and beautiful store rooms on Michigan street, in Albany building, directly opposite the Newhall House.

The room I have taken is next to Mitchells New Banking House; it is very large, and I intend to arrange it with comfort and convenience, and I would also say that I will give strict attention to the selling of Real Estate at public or private sale, and negotiate for Bonds, Mortgages and Stocks, will also contract for the sale of all descriptions of Dry Goods or Merchandise of any character, will advance money on stocks of goods, or purchase them, will collect notes and accounts in our city, and will make advances on them.

Having lived in this city going on fifteen years, and being engaged in this line of business, my knowledge is perhaps, sufficient for me to say that I can give any information that any one may want. All business left with me will be disposed of with despatch and promptness, as always has been my course.

Any one who has a stock of Goods and thinks it is an up hill business to go on, can call on me; I will help him out. In fact I am ready to help any person.

Congressional.

WASHINGTON, Jan. 14.

SENATE.—The Senate passed the house bill making appropriations for the support of the Military Academy.

Mr. Benjamin reported a bill making appropriation for the improvement, by contract, of the Mississippi, Missouri and Arkansas Rivers.

A large number of bills were introduced, by various gentlemen.

Mr. Campbell, of Ohio, to-day successfully demanded the previous question, in referring the President's annual message to the committee of the whole on the state of the Union, wishing to proceed to the consideration of the tariff bill.—Many gentlemen, who waited to make speeches, have been cut off, although they endeavored to dissuade him from pressing his motions. Mr. Rusk made some remarks rather tartly, in condemnation of the course of Mr. Campbell, in thus cutting off debate, and was replied to by Mr. Campbell, in a similar speech. The affair was of but a moment's duration, but it affords the foundation for much gossip and guesses, of disagreeable events not likely to occur.

Minnesota Legislature.

CHICAGO, Jan. 14.

PINNEY YOUNGS' PATENT SAWING MACHINES.

PATENTED JANUARY 30, 1855.—REISSUED OCT. 2, 1855.

THIS IS TO CERTIFY, That we purchased the first Siding Mill built by Pinney Youngs, of Milwaukee, and that we have run the same Machine at our Mills at Bay de Noque, (Mich.) the past two years, and that it has exceeded our expectations. We have no hesitation in saying that it will cut Two Thousand Feet, superficial measure, per hour, and upon a trial of twelve hours we cut 22,184 feet, superficial measure, of Flooring and Siding.
N. LUDINGTON & CO.

Milwaukee, Sept. 18th, 1856.

This is to Certify, That we have used one of Pinney Youngs' Patent Sawing Machines, or Siding Mills, for about one year. We have expended but a shilling for repairs on it as yet. [illegible] It is easily kept in order. We have never seen any Machine of the kind that will in any way compare with this. It will cut nearly or quite double the amount of Lumber in the same time of any other mill we have ever examined. [illegible] We really would not exchange our Machine for any other ten machines of any other Patent we ever ran, for our own use.

MESSRS. PINNEY YOUNGS & CO.:

Gents—We have in use, in our mill at Pensaukee, Green Bay, two of your Siding Machines, and find them to answer our expectations, [illegible] From the report of our Superintendent, we learn that [illegible] feet of lumber—mostly fencing and flooring—being about 18,000 feet every twenty-four hours. For rapidity [illegible] of construction, we think it cannot be equalled by any other Machine now in use.

LESSONS IN Foreign Languages.

MR. AND MRS. A. & S. R. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate; their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Parents of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principalities of France and will procure all Price Currents that they may want.

BAYLIES & LINCOLN'S Milwaukee Commercial College

212 and 214 East Water St., MILWAUKEE, WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial and Regular Discounts in per centage, Exchange, Equation of payments, Averaging Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, accounts current, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Season, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

For terms and other particulars please address

MISCELLANEOUS.

Every Man his own Miller. PORTABLE CAST IRON GRAIN MILL. Young America Improved and Perfected.

THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855–56, 2300 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Faucener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

For sale by W. HARROLD SMITH. Wisconsin Iron Works.

In regard to the character of the work got up by this The Oldest Establishment in the State the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

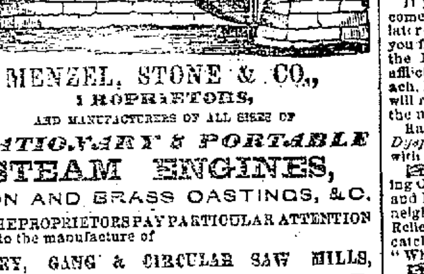

Their motto is, "*Excelsior.*"

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup, Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind; there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body* but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. Their influence new life throughout the whole system; their action is not confined to one local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *and to feel good: they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis Consumption, Apoplexy, &c; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 128 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. F. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these terrible consequences and restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA, DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND FEVER AND AGUE.

And the various affections consequent upon a disordered STOMACH OR LIVER,

SUCH as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

HEALTHY BREAD!

MADE WITH JAS. PYLE'S DIETETIC SALERATUS

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance from infantile or contagious diseases. In this way thousands meet with premature Death—the sad results of which is forcibly demonstrated in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels, having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.
